Foreword

This is your 1959 edition of the El Charco, the yearbook of Wells High School. We, the staff, certainly hope you will enjoy it. We feel that as the years pass by you will have fun thumbing through the pages of this book. Perhaps you will recall with fond memories the enjoyable times, your classmates, and the teachers each of you have known while attending Wells High School.

Dedication

It is with the most sincerity that the 1958-59 El Charco Staff dedicates their yearbook to Miss Virginia Hays.

Miss Hays has attributed much to our school with her artistic ability. She has always willingly and generously given her time and talents to assist with school advertising, painting play sets, contributing her ideas and assisting the many organizations with making their plans for special occasions.

With this dedication, we wish to express our deepest gratitude to you, Miss Hays, and we sincerely wish you happiness and success with your work when you return to your home in Kentucky.

Superintendent's Message

It is pleasing to offer comments this year because so many challenges exist where student enthusiasm will be needed.

Student life in Wells already exists in context of a spirit of progress. Look at the milestones of advance which have shown up during the past twelve months there. For example, the City has a new swimming pool; and the Highway Department, a Port-of-Entry. And the adult population keeps mentioning several other worthy projects, mostly for teenage use. You live in a climate where many, many parents want boys and girls to study to be worthy workmen. It will take your every best to rise to the great height of such expectation! Meet that challenge!

Life at Wells has the spirit and the thrust to move forward—that is adult and student life.

Keep the good work going.

ASSIGNMENT #7734

Investigator: Mr. Stretchy Dollar, alias Leon Reyes
Assignment: An investigation of the personnel of the class of "1959" of Wells High School.
Requested by: El Charco Staff

The following is my detailed account of findings and expenditures:

$500.00—Transportation by plane to Wells, Nevada, U. S. A., Earth.

1.00—Cab fare from airport to Wells High School. There I loked upon the records of all the members of the class. I also questioned some of the children at the school.

.50—Cab fare from school to Shagnasty residence. There I found Mrs. Lou Shagnasty, former Miss Brenda Owen, living a happy married life with her husband and nine children.

.50—Cab fare from Shagnasty residence to Moonlight Palace. An investigation proved the owners to be Mr. and Mrs. Michael Knight. Mike Knight and Velma Cordova had found a high school crush to be everlasting. Velma is also an interpretive dancer, while Mike takes care of their four children. Also at the palace I discovered that John Wright is a TV technician. He is also the director of KTVT in the Wells area.

3.50—Lunch for myself and a pretty guest, Miss Sharon Supp. Sharon is director of Standard Oil in the Wells area. She has been engaged to be married, for five years; however, her fiance isn't fond of the idea of marrying his boss.

By a careful questioning of her delicate mind, I was able to obtain a few more leads concerning Jim Lyons and Craig Chambers. Jimmy is a successful pharmacist with a thriving drug store that contains a back room in which teenagers play poker. The house receives a certain percentage of the winnings, of course.

Craig (Big Red) Chambers is a proven Doctor of psychiatry. His success is due to his wife, Sherry, who is a constant customer in need of his professional services.

1.50—Cab fare to Pola's Hubby Garage. Gene is still an apprentice mechanic even though he owns the garage. However, he specializes on custom made hubcaps for cars. However, he may quit and sell his garage. He is engaged to marry the young, popular actress, Miss Janyce Toombs. Janyce has recently received the Oscar for best supporting actress of 1968. She also owns a horse ranch and breeds the finest thoroughbred mares in the country.

11.75—Cab fare to Contact, Nevada. Michael Brown is an architectural engineer and owns Dodge Construction Company. Lately he has been rebuilding more white posts for the highway department.

11.75—Cab fare back to Wells, and to the airport.

50.00—Rent of an airplane to go to Ruby Valley. Without much trouble I found the Smiley-Uhlig Ranch. Butch and Willard are prominent ranchers when either is at home. Butch is a follower of the rodeo circuits during the spring, while Willard is a pro-football tackle for the Los Angeles Rams during the fall. An unexpected guest of theirs was also there, Mr. Earl (Bud) Charles Zearing, III. It seems that Bud is enjoying a week of rest

(continued on next page)

Senior Prophecy

ASSIGNMENT #7734 *(continued)*

from his job. Bud is a mechanical engineer, when he is not training for the Olympics. He currently is a member of the U. S. A. weightlifting team and is a holder of a world's record.

$ 4.50—Cab fare from airport to Wells, supper at Moonlight Palace, and also cab fare back to airport.

500.00—Return fare back to Future City, Venus.

Total Expenditures: $1,085.00

Comments: Nice and interesting people. Was a pleasure to work on this case, but were they worth the $1,085.00?

Yours truly,
STRETCHY DOLLAR

Harold,

Run in place; now a forward roll. You know, I still have a guilty conscience about that. It's really been fun going to school with you and I'm sure it'll be fun afterwards

Lots of Luck
